

We are proud to work with small-scale producers and suppliers who share our commitment to low intervention, sustainable, organic, and biodynamic practices.

We apply this ethos to our wines, ciders, and spirits, and every bottle here is chosen not just for its quality, but for the story it tells – of soil, climate, and the wonderful people who bring it to life.

The Menu is designed to guide you through a meal, starting with the lightest choices as Aperitivos, medium-bodied choices being Comida, fuller-bodied choices are Cena and finally the sweet and bold are Digestivos.

We look forward to sharing these stories with you and encourage you to dig through and discover something new. Please do let us know if you have any questions.
